Sheet Index 2 of 2

The map is a detailed topographic representation of the South Warner Wilderness area. It features a grid of latitude and longitude lines. The wilderness boundary is shown as a thick black line, while other land ownership boundaries are indicated by thinner lines. The terrain is depicted with contour lines, showing various peaks and valleys. Key geographical features labeled include Mills Creek Falls, Clear Lake, North Emerson, and South Emerson. The map also shows the Modoc National Forest and the surrounding area, including the Oxnard Fork of the Modoc River. A scale bar indicates distances up to 3 miles. A legend explains the symbols used for the wilderness boundary and other ownership. An inset map in the bottom left corner shows the location of the area within the state of California, with the sheet index indicating it is the second of two sheets.
