

AMENDMENT

NATIONAL WILDERNESS PRESERVATION SYSTEM

Sandwich Range Wilderness
White Mountain National Forest

I hereby amend the legal description of the Sandwich Range Wilderness boundary on the White Mountain National Forest as noted below to account for a clerical error. This amendment is consistent with the National Wilderness Preservation Acts of 1964 and 1984.

Lines 39-40 of the legal description is amended to read:

"Thence 2.0 miles westerly with the county and town line to a point 66 feet east of brook draining Flat Mountain ponds, Point 40."
