

MOUNT JEFFERSON WILDERNESS ADDITIONS

Mt. Hood National Forest

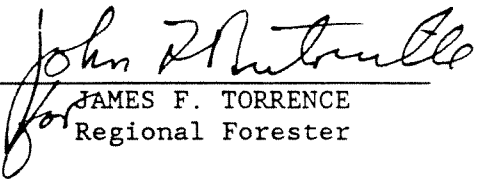

Willamette National Forest

I hereby certify that the legal boundary description and map herewith represent the location of the boundary of the Mount Jefferson Wilderness Additions on the Mt. Hood and Willamette National Forests as entered into the National Wilderness Preservation System by the Act of June 26, 1984.

Signed

(Date)

5/4/87

  
JAMES F. TORRENCE  
Regional Forester

### Definition of Intent

The legal description of the Mount Jefferson Wilderness Additions is as shown on the map dated September 1986 on file in the office of the Chief of the USDA Forest Service and as generally described in Public Law 98-328. The approximate courses of the map boundaries are identified in the following legal description. Where the boundary is described as following a topographical feature, the actual location of the feature will control the approximate course identifying that part of said boundary. Unless specified in the description, calls to a stream shall be to the thread and calls to a ridge shall be to the crest. Section, Township, and Range lines, and Section corners established by the United States Public Land Survey, shall determine the actual location of these portions of the boundary so described.

Section subdivision lines and corners will be established under the rules of the United States Public Land Survey.

The data base for the Mount Jefferson Wilderness Additions is a series of quadrangle maps published by the United States Geological Survey as identified on the attached index map. The various boundaries were marked on the map and the information was collected with a Hewlett-Packard 9020 Interactive Graphics System. The data is published as the attached metes and bounds description. Courses in the description are shown as grid bearings and grid distances.

MOUNT JEFFERSON WILDERNESS ADDITIONS  
BOUNDARY DESCRIPTION

All bearings and distances shown in the following description are based on the Oregon State Plane coordinate grid system, North Zone. International, State, Indian Reservation, National Park, Mineral Claim, or Sectional land boundaries have been included although record bearing, distance, and monuments will prevail.

QUAD SHEET NAME	ANGLE POINT	BEARING	DISTANCE FEET (METERS)	DESCRIPTION
MT. JEFFERSON SW Map No. 5	1			Top of Turpentine Peak, elevation 5,795 feet, Latitude 44-31-23.75 North, Longitude 121-55-11.95 West, unsurveyed T.12S., R.7E., W.M., Oregon grid coordinates North Zone X = 1,629,664, Y = 315,546 (Turpentine Peak is within the Mt. Jefferson Wilderness).
		S41-42W	2849 (868.4)	Descending, not on the Wilderness boundary (within the Mt. Jefferson Wilderness).
	2			A point on a spur ridge, not on the Wilderness boundary (within the Mt. Jefferson Wilderness).
		S62-32W	1720 (524.3)	Descending, not on the Wilderness boundary (within the Mt. Jefferson Wilderness).
THE TRUE POINT OF BEGINNING				
	3			A point on the 4,800 foot elevation contour on a ridge, which is on the Wilderness boundary.
		N48-57W	113 (34.4)	Along the 4,800 foot elevation contour.
