# LITTLE LAKE CREEK WILDERNESS BOUNDARY DESCRIPTION

The Little Lake Creek Wilderness is located on the Sam Houston National Forest in Montgomery County, Texas. Bounded generally on the north by Forest Development Road (FDR) #211, on the east by (FDR) #231 and Texas Farm to Market Road #149, on the south by the National Forest Boundary and private land, on the west by an abandoned pipeline.

The Wilderness Boundary is delineated on the U.S.G.S. 1:24,000 scale 7 1/2 minute topographic quadrangles Montgomery, Richards and San Jacinto (modified for U.S.D.A. Forest Service use). Where actual field survey bearings and distances were not available, courses were digitized from the Texas State Plane Coordinate System, Central Zone, using the above named quads, and therefore should be considered approximate. Survey bearings are based on True North and digitized bearings are based on Grid North.
