Susan Spear
Director- Wilderness and Wild & Scenic Rivers
201 14th Street, SW
Mailstop 1154
Washington, DC 20024

Dear Susan Spear:

The final boundary package for the Sipsey Fork of the West Fork Wild and Scenic River is enclosed. Eleven hard copies of the boundary package were sent separately to the Washington Office Wilderness and Wild & Scenic Rivers Program Staff.

The Sipsey Fork of the West Fork Wild and Scenic River entered into the National Wild and Scenic Rivers System under the Sipsey Wild and Scenic River and Alabama Addition Act of 1988, Public Law 100-547, dated October 28, 1988. The perimeter boundary description and final map conform to the boundary as generally depicted on the legislative map cited by Congress in Public Law 100-547.

If you have any questions concerning this letter please contact Fernando Chen at 404-347-0450 or fchen@fs.fed.us.

Sincerely,

JOBY P. TIMM
Acting Director of Lands, Minerals and Uses
