

La Garita Wilderness - Correction to the written boundary description

This correction addresses clerical errors found in the written description for the La Garita Wilderness dated 12/14/1982. Northing (Y) coordinates in the original description in paragraph 8, page 7 through paragraph 5, page 8 were 100,000 meters too large. Also, the last coordinate pair in paragraph 5, page 8 represents a boundary corner shown on the map accompanying the written description, but is missing from the description itself. The course following requires this missing point.

Replace paragraph 8, page 7 through paragraph 5, page 8 with the following:

thence easterly in a series of straight lines 0.7 mile through points with the following UTM coordinates:

<u>X (Meters)</u>	<u>Y (Meters)</u>
327,714	4,213,198
