Forest Service

Classification, Boundaries and Maps, and Management Plan for the Salmon Wild and Scenic River; Availability

The Central Idaho Wilderness Act of 1980, Pub. L. 96-312, amended the Wild and Scenic Rivers Act (82 Stat. 906, as amended; 16 U.S.C. 1271 et seq.) to include the Salmon River as a unit of the Wild and Scenic River System as follows:

(24)(A) Salmon, Idaho—The segment of the main river from the mouth of the North Fork of the Salmon River downstream to Long Tom Bar in the following classes:

(i) The forty-six mile segment from the mouth of the North Fork of the Salmon River to Corn Creek as a recreational river; and

(ii) the seventy-nine mile segment from Corn Creek to Long Tom Bar as a wild river.

Section 3(b) of the Wild and Scenic Rivers Act provides that the classification, boundaries, and development (management) plan shall be published in the Federal Register and shall not become effective until ninety days after they have been forwarded to the President of the Senate and the Speaker of the House of Representatives (16 U.S.C. 1274(b)).

The classification, boundaries and maps, and management plan for the involved unit consist of about 87 single-spaced pages and 12 map sheets. Costs to publish this material in the Federal Register are estimated to be \$20,400. In the interest of economy, this notice of availability is published to provide public notice that this material is on file

for public inspection and may be reviewed by interested parties in the following offices:

Chief, Forest Service, USDA, South Agriculture Building; Room 4238, 12th and Independence Avenue, SW., Washington, DC 20013

Regional Forester, Intermountain Region, Forest Service, USDA, Federal Building, 324 25th Street, Ogden, UT 84401

Forest Supervisor, Salmon National Forest, Forest Service, USDA, Forest Service Building, Salmon, ID 83467

Regional Forester, Northern Region, Forest Service, USDA, Federal Building, Missoula, MT 59807

Forest Supervisor, Nezperce National Forest, Forest Service, USDA, 319 E. Main Street, Grangeville, ID 83530

The boundaries and maps, and the management plan have been sent to the President of the Senate and the Speaker of the House of Representatives.

Further information is available from Charles R. Joy, Forest Service, USDA, Recreation Management Staff, P.O. Box 2417, Washington, DC 20013; telephone (202) 447-2422.

Douglas R. Leisz,

Associate Chief,

BILLING CODE 3410-11-M

Soil Conservation Service

Oneida County Road Critical Area Treatment R.C. & D. Measure, Idaho; Finding of No Significant Impact

AGENCY: Soil Conservation Service, USDA.

ACTION: Notice of finding of no significant impact.

FOR FURTHER INFORMATION CONTACT:

Amos I. Garrison, Jr., State Conservationist, Soil Conservation Service, Room 345, 304 North Eighth, Boise, Idaho 83702, telephone (208) 334-1601.

SUPPLEMENTARY INFORMATION: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Service

Guidelines (7 CFR Part 650); the Soil Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Oneida County Road Critical Area Treatment R.C. & D. Measure, Oneida County, Idaho.

The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Amos I. Garrison, Jr., State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

Oneida County Road Critical Area Treatment R.C. & D. Measure will help prevent road "washouts" due to flooding on five critical sites along Oneida County roads. Planned treatments include reconstruction of the roadway and paving to allow flood flows to overtop the road without eroding it away. Other treatments include rock-filled baskets under the roadway, critical area plantings, and grading and shaping.

The Notice of Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency. The basic data developed during the environmental assessment are on file and may be reviewing by contacting Mr. Amos I. Garrison, Jr. The FONSI has been sent to various Federal, State and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the address on the first page.

Implementation of the proposal will not be initiated until May 17, 1982.

Dated: April 6, 1982.

(Catalog of Federal Domestic Assistance Program No. 10.901, Resource Conservation and Development Program, Office of Management and Budget Circular A-95 regarding State and local clearinghouse review of Federal and federally assisted programs and projects is applicable)

Amos I. Garrison, Jr.,

State Conservationist, COPY
